

TARGET RIFLE VICTORIA

CLUB VISITOR PROTOCOL

All Clubs affiliated with Target Rifle Victoria must keep a visitor registration book for all non TRV visitors to their club, for the purpose of being covered by insurance provided by Target Rifle Australia.

TRA provide this service as part of your membership fees, which ensures coverage of your club in the form of Public Liability insurance, for registered TRV members and visitors who have "signed in" to the club.

The Visitors book requires the date, printed name, signature and suburb, and for follow up by the club you could include a column for an email and or mobile number. Although not required a column for firearms license number is a consideration, as most visitors will be acting under instruction.

It is also a requirement under the firearms act to ask a visitor if they are a prohibited person. By signing the book you are acknowledging you are not a prohibited person. A prohibited person is not allowed to use or partake in shooting activities.

Any visitor to an affiliated TRV club that enters and does not sign an attendance book and does injure themselves in some way will not be covered under the policy.
