

TRV - Individual Sporting Grants

Athletes who are financial members of Target Rifle Victoria and have been selected to represent Australia may be entitled to funding assistance on an individual basis

Definitions.

Sporting Grant Application - Means an application from an individual who is a current financial member of Target Rifle Victoria, for funding assistance to offset the costs associated with representing Australia in a sporting event.

Sporting Event - Means an organised ISSF or WRABF event recognised by Target Rifle Australia or Shooting Australia that is classed as an International competition.

Funding Criteria -

- All requests for funding must be in writing.
- The recipient of the grant must be a current financial member of Target Rifle Victoria.
- All applications must be accompanied by some sort of confirmation of selection to the specified International team
- Only one application per member will be considered in any financial year
- Any payments received by an athlete that does not attend the competition must be returned to TRV
- Applicants must be active TRV members and attend a minimum of 6 competitions which must be either a Master Marksman Event, Bench Master Event, TRV State Championships or TRV Endurance Match in the year of application

Approved applicants will be eligible for a financial contribution based on the following:

- If the event is held in Australia – up to \$500.00 maximum contribution
- If the event is held outside Australia - up to \$750.00 maximum contribution
- If the event is an World Championships, Commonwealth or Olympic or Para-Olympic Games - up to \$1000.00 maximum contribution

Applications must be received prior to the sporting event at which the athlete will compete.

Funds will be allocated in order of applications received. Once the funding allocation for the year has been expended , no further applications will be received.

Preference will be given to applicants who do not receive funding from any other source.

TRV yearly budget for Individual sporting Grants is \$4,000.00 per year. This is not an accumulative figure, any funds not used in any financial year return to consolidated revenue. The new financial year commences with a new budget of \$4,000.00.

The above does not exclude TRV from making a “Special” one of grant to an Athlete, should an un-usual circumstance arise that falls outside the above criteria.

Adopted -

This policy was adopted on 8th November 2015.

President - Mike Jarrad

Secretary - Chris Lott

Councilor - John Hopkins
